

“What if...?”

Market Research Analysts: Associate Analyst

Locations: Edmonton (Alberta), Waterloo (Ontario), or Toronto (Ontario)

Competition Number: WS_AA-09

Closing Date: Open until suitable candidates are found

As a management consulting firm, **Advanis'** expertise and innovations have a profound impact on business. Our research helps clients design successful new products efficiently; set the right prices; test entirely new product or service ideas; increase their customers' satisfaction; target their most lucrative customers; and much more. We consult to some of the biggest and best corporations in the world. Our work helps clients stay competitive in today's rapidly evolving markets.

Are you detail-oriented, very comfortable with computers, pro-active, and possess excellent communication and team management skills? The full-time position of **Associate Analyst** may be the perfect opportunity for you to explore a career in the field of market research.

While working on projects, **Associate Analysts** work closely with other project team members and will have day-to-day activities that initially involve:

-  Assisting in the preparation of survey instruments;
-  Performing quality control on computer-based surveys;
-  Assisting with data collection and survey administration under the direction of the Project Manager;
-  Responding to survey respondent inquiries;
-  Recording meeting minutes and preparing client communications;
-  Creating charts and graphs for reports.

To help you succeed in your new role, you will participate in a hands-on “mock-project” training program. You will work closely with a peer buddy in your first year, and will have a senior career mentor.

The minimum education requirement is a High School diploma. A College diploma or University degree is also an asset. There is some opportunity for advancement within the company.

We offer a competitive remuneration package including a salary, dental and extended health care coverage. Our work environment is fast-paced and learning-oriented. The salary for this position will be set commensurate with experience and demonstrated skill level.

If we have described your ideal job, we invite you to submit your resume, transcript, and a cover letter describing why you are well suited to become the newest member of the Advanis team. To do so, select the “Apply Online” link for this position. Note that our online application includes a short (15-20 minute) case study to complete.
