

“What if...?”

Computer Science: Intermediate Programmer

Locations: Edmonton, Alberta

Competition Number: WS_IP-09

Closing Date: Open until suitable candidates are found

As a management consulting firm, **Advanis'** expertise and innovations have a profound impact on business. Our research helps clients design successful new products efficiently; set the right prices; test entirely new product or service ideas; increase their customers' satisfaction; target their most lucrative customers; and much more. We consult to some of the biggest and best corporations in the world. Our work helps clients stay competitive in today's rapidly evolving markets.

We have full-time openings for the position of **Intermediate Programmer**.

The successful candidate will be responsible for the following:

- ✘ Development of web-based reporting applications and web-based tools for administering these applications.
- ✘ Development of software tools to automate or enhance internal processes including developing GUIs, web applications, scripts, crons, filters, translators, and code generators.

We are seeking candidates with excellent communication skills who learn quickly, have a lot of initiative, and possess the following qualifications:

- ✘ A university degree or a diploma in an applied field.
- ✘ At least 3 years programming experience using a varied tool set which including PHP, Python, SQL, HTML, Javascript, CSS, and XML. Other language experience is an asset.
- ✘ Familiarity with Object Oriented programming and Design Patterns.
- ✘ Experience with database design required – experience with PostgreSQL is an asset.
- ✘ Experience working in Unix and n-tiered web environments and using tools such as CVS.
- ✘ Experience using Agile and Test Driven development methodologies.
- ✘ An ability to identify opportunities to automate processes.

Successful candidates will enjoy a competitive remuneration package including a salary plus bonus plan along with dental and extended health care coverage. Our work environment is fun, fast-paced, and learning-oriented. Interested applicants should forward their resumes, quoting the competition number, to:
