

“What if...?”

Computer Science: Programmer Trainee

Location: Edmonton, Alberta

Competition Number: CS-052010

Closing Date: Open

We have several openings for the position of **Programmer Trainee**.

This is a 4 to 6 week intensive training program, during which successful candidates will be trained on Agile and Test Driven Development methodologies. Python, PHP, unix shell scripting, and postgresSQL will be used.

Trainees will receive daily coaching and feedback during this program from programmers experienced with Test-Driven Development. This is a wonderful opportunity for aspiring programmers to increase their skills and get paid for it.

This is a 4 to 6 week program (depending on the individual), but there is a possibility of full-time employment at the end of the program.

Ideal candidates will have completed a degree in Computer Science.

Starting dates: TBD

Trainees will be compensated \$700 per week.

Please email a resume and cover letter to:
